Scholarship Topic

COVID-19 has impacted communities in many ways. Nursing homes are in trouble, frontline workers are exhausted, and community resources are at an all-time low. Spending time enriching your community is a great way to make a difference. It is statistically proven that people who give-back regularly are healthier both physically and mentally, live longer, and have better psychological well-being. In addition to the health benefits, being active in your community gives people a sense of purpose. The fulfilling feeling of giving back and contributing to society is unparalleled.

We challenge you to find a way to give back to your community. Donate your time, perform a random act of kindness for a neighbour, participate in a fundraiser or charity event; be creative in your efforts to make a positive impact in your community and tell us about your experience!

Submissions are to be in letter format, approximately 500 words, and will be shared with the Farm Mutual Foundation Board of Directors. If you need inspiration [check out our video](#).
