Farm Mutual Re has an important responsibility for ensuring a safe, dignified, and welcoming environment for everyone. We are committed to ensuring our organization's compliance with accessibility legislation by incorporating policies, procedures, equipment requirements, training for employees, and best practices. **Assistance during
an emergency**

At Farm Mutual Re, we are committed to the health and safety of our employees. If an employee suspects they may need help during an emergency due to a permanent or temporary disability, they are asked to contact the Human Resources (HR) Department to help develop an Individualized Emergency Response Plan. HR will ask the employee to complete an Employee Emergency Information Worksheet to help HR develop an Individualized Emergency Response Plan to meet the needs of the employee in an emergency situation.

It is not necessary for an employee to disclose the details of their medical condition or disability, HR will only require the information needed to help determine what may be entailed in an emergency. The information provided will be kept confidential and only shared with the employee's consent.
